📍 Banting, Selangor

About Myself

Self-taught Web Developer with a background in business and over **1.5 years** of experiences in the IT industry. Proven ability to adapt and grow through continuous self-learning and hands-on project work. Experienced in **PHP and Laravel framework**, with additional skills in **HTML, CSS, JavaScript, CSS framework, and Flutter**. Strong work ethic, excellent communication skills, and a passion for building efficient, user-focused web applications **with fully responsive design**.

Work Experience

Software Developer

11/2023 – 4/2025 (1 Years and 6 Months)

Cipher Technology Sdn Bhd (Petaling Jaya)

- Designed, developed, and enhanced web and mobile applications (Start-up and existing projects) using a range of frontend and backend technologies including **HTML, CSS, JavaScript, PHP, Laravel, Lumen, Flutter, and MySQL**.
 - Collaborated closely with cross-functional development teams (e.g. QA team, project team and etc.) to implement scalable and maintainable software solutions.
 - Integrated **third-party APIs** to enable seamless data communication and improve system functionality.
 - Do testing, debug and resolve the issues in projects
 - Involve **in new company project**, learning and working with new technologies such as **Flutter**(Frontend) and **Lumen**(Backend)
